

MAKE THE RIGHT CHOICE

WORKERS' COMP
HEALTH CARE NETWORK

Workplace accidents carry human and monetary costs. We designed our certified workers' compensation health care network with one goal in mind: to get injured workers well and back on the job. Benefits employers enjoy by participating in the *Texas Star Network*[®] option include:

PREMIUM DISCOUNT

Most employers who choose to participate in the network will earn an annual network premium discount.

RETURN-TO-WORK FOCUS

Injured workers select their treating doctor from a list of occupational health care providers. Network providers use their training and experience to help workers recover and return as productive members of the workforce. The network's return-to-work focus helps employers save money by reducing lost productivity and other costs associated with workplace accidents.

RIGHT DOCTOR FOR THE INJURY

The network designates which medical specialties serve as treating doctors. Employees also have access to other occupational specialists on a referral basis. The emphasis is on matching injured workers with the right doctor to treat their specific injuries.

CASE MANAGEMENT PROGRAM

Texas Star Network[®] certified case managers work with health care providers, employees and employers to identify return-to-work opportunities early in the claim.
