“Our agent gave us plenty of reasons to choose Texas Mutual.
Our dividends gave us plenty of reasons to stay.”

“**H**aving our workers’ comp coverage with Texas Mutual has been extraordinary. When we got our first dividend check, we’d saved a significant percentage of our premium. A couple of years ago, we used it to start funding our 401(k). The company matched the funds, and that was an incentive for our people to keep our claims low. Every time we get a dividend, I have to stop and high-five myself. Texas Mutual has been great for us.”

While we can’t guarantee dividends every year, Texas Mutual Insurance Company has returned more than \$445 million to our policyholders over the past nine years. It’s just one of many good reasons to go with a great workers’ comp provider. To find out more, call your agent or visit www.texasmutual.com.
